

DOMAINE OLLIER-TAILLEFER

LES COLLINES ROSÉ

GROWING REGION:

Languedoc, France

Faugères (importantly, the highest zone of Faugères)

TERROIR:

Schist soil. Altitude 250-300 meters.

GRAPES:

Cinsault, Grenache, Syrah, Mourvèdre

VINIFICATION NOTES:

Hand-harvest, with the Grenache and Cinsault--the grapes with the least color--pressed directly while the more colored Syrah and Mourvèdre are worked in a saignée method (which also gives more texture and aromatic complexity). Made in tank.

TASTING NOTES:

Pale color yet full-bodied with great texture and length. Works as well on the table as on the porch.
