Partial malolactic fermentation.
Aged on lees until bottling.

Ageing: 2 to 3 years

Tasting

A rosé blend in which the Mondeuse grape contributes its distinctive character. The first nose imposes its aromas of ripe red fruit and its smoky note, the hallmark of the Jongieux terroir.
The second brings its frankness and character. Pale in color with gray highlights, this rosé also enchants with its persistent, gourmand and round palate, open to notes of fresh grape juice and energized by a fine mineral touch. A wine full of subtlety.
