

ITALIA

PINOT NERO CAN

What:

Juicy and approachable Pinot Nero, suited to every occasion.

Where:

Produced from a selection of Pinot Nero grapes cultivated in the Pavia region of northern Italy.

Winemaking:

No oak is used in the winemaking and ageing is kept short to ensure the final wine is fresh, bright and juicy.

Tasting notes:

Delicate aromas of red berries. Appealing raspberry and strawberry fruit on the palate with gentle tannins, fresh and juicy on the finish. Can be enjoyed on its own, especially when served lightly chilled. Or match with summer salads, light pasta dishes, and all manner of picnic and party food.
