

DOMAINE CARREL EUGÈNE JONGIEUX

Domaine Carrel Eugène Et Fils Jongieux Blanc, made from the native Jacquère grape, exemplifies Hugh Johnson's characterization of this varietal: "you are drinking bottled mountain air." A luminous appearance with green highlights, this wine delivers lovely fruity notes (citrus and ripe pears), associated with floral overtones, and has a slight minerality to finish. Serve well chilled as an aperitif, or with shellfish, and of course with Savoy specialities.
